

Understanding Pediatric Gender Identity through Childhood and Adolescence

presented by

Jack Turban, MD MHS

Jack Turban is a chief fellow in child and adolescent psychiatry at Stanford University School of Medicine, where he researches the mental health of transgender youth. He is also a frequent op-ed contributor, with work featured in The New York Times, The Washington Post, The Los Angeles Times, Scientific American, and Vox. He is regularly consulted by the media about the mental health of LGBTQ youth.

<https://hartfordhealthcare.zoom.us/j/92777926852>

Meeting ID: 927 7792 6852

Learning Objectives: *As a result of participating in this Live Activity, participants should be able to:*

1. Discuss current approaches to supporting prepubertal transgender children
2. Review the rationale and evidence for pubertal suppression for transgender adolescents
3. Review the rationale and evidence for gender-affirming hormones (e.g., estrogen and testosterone) for transgender adolescents

Accreditation Statement: In support of improving patient care, Hartford HealthCare is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Designation Statement: Hartford Healthcare designates this Live Activity for 1.25 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with their participation.
