

Interstitial Medicine - The role of psychiatry in the complex interactions between mental disorders and medical conditions

presented by

Glenn J. Treisman, MD

Glenn Jordan Treisman is the Eugene Meyer III Professor of Psychiatry and Medicine at the Johns Hopkins University School of Medicine. He is Director of the AIDS Psychiatry Service and The Johns Hopkins Pain Treatment Program. The Pain Treatment Program provides care for chronic pain syndromes and is a national referral resource for patients with intractable pain. He is the co-founder and co-director of the Amos Center, a program that studies atypical GI disorders and the relationship between food, the nervous system of the GI tract, the microbiome, and disease. Dr. Treisman is internationally known for his engaging presentations, his efforts to promote the integration of psychiatry and medicine, and his vigorous commitment to the betterment of patient care for underserved populations. He is best known for his groundbreaking work in the field of HIV, where he has been described as “the father of AIDS psychiatry.” He is involved in the care of psychiatrically ill HIV infected patients and has been since early in the epidemic. He described and has raised awareness of the role of mental illness as a driving force in the HIV epidemic as well as a barrier to effective care. He is the author of *The Psychiatry of AIDS*, the first comprehensive textbook on the subject, as well as numerous articles on the issues of mental health in the HIV clinic. As part of a lifelong commitment to education, Dr. Treisman directed the residency program in Psychiatry for nine years, and has delivered lectures at the Johns Hopkins School of Medicine in courses on Neuroscience, Psychiatry, Pharmacology Clinical Skills, and the Physician in Society course, as well as lectures in the School of Public Health, the School of Nursing, and in numerous departments. He is considered to be an outstanding teacher and has received the Chairman’s Award for Teaching from the Department of Medicine. His lectures on psychiatry and medical ethics have earned him international invitations and eponymous lectures including the prestigious Mapother Lecture in London and Findling Lecture at the Mayo Clinic. Dr. John G Bartlett has referred to his lecture on DNR orders and medical ethics as “the Gettysburg Address of medicine,” and The American College of Physicians recognized his work with the presentation of the William C. Menninger Memorial Award for Distinguished Contribution to the Science of Mental Health.

Learning Objectives: *As a result of participating in this Live Activity, participants should be able to:*

1. Describe the way that medical silos have created barriers to holistic care
2. Discuss a group of patients who have dysautonomia and who are exemplars of why we need interdisciplinary medical care
3. Review approaches to treating neuropathic symptoms that provoke extensive disability in our patients

Accreditation Statement: In support of improving patient care, Hartford HealthCare is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Designation Statement: Hartford HealthCare designates this Live Activity for 1.25 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with their participation. This activity is approved for 1.25 ANCC contact hour(s).

Social Work: As a Jointly Accredited Organization, Hartford HealthCare is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. Hartford HealthCare maintains responsibility for this course. Social workers completing this course receive 1.25 Other continuing education credits.

Financial Disclosures:

- Nothing to disclose: Ellen Blair (Nurse Planner); Michael Dewberry (Course Director); Bharat Narapareddy (Program Director); Erica Iyamu-Osagie (Social Work Planner); Paula Rego (Activity Coordinator); Javeed Sukhera (Co-Director) ; Glenn Treisman (Speaker)
