

## *Promoting well-being through family engagement*

*presented by*

### *Jimmy Choi, PsyD*

Dr. Choi is a research director at Olin Neuropsychiatry Research Center, where he directs the cognitive rehabilitation services in the hospital network that provides clinical assessment and treatments to adolescents and adults experiencing psychosis or neurocognitive disorders. For the past 20 years, he has conducted studies at Yale and Columbia University, where he was on the research and clinical faculty, focusing on the areas of treatment motivation and psychosocial rehabilitation in psychosis and Alzheimer's disease. He is co-editor of the book *Neuropsychology of Depression* by Guilford Press. He has received funding from NIH, the Alzheimer's Association, the Department of Veterans' Affairs, and the Brain & Behavior Research Foundation. In particular to the talk today, he also conducts program and outcome evaluations for hospital units across the Hartford HealthCare network.

**Learning Objectives:** *As a result of participating in this Live Activity, participants should be able to:*

- 1. Identify major barriers between the family and staff that can impact the quality of life for people receiving care and their families.*
- 2. Appraise the current circumstances and quality of family engagement at their own practice/clinic/program.*
- 3. Generate strategies to remove the identified major barriers between the family and staff using their new knowledge of family engagement.*

**Accreditation Statement:** In support of improving patient care, Hartford HealthCare is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

**Credit Designation Statement:** Hartford Healthcare designates this Live Activity for 1.25 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should only claim credit commensurate with their participation. This activity is approved for 1.25 ANCC contact hour(s).
